The removal of Chapter 40, the Louisiana State Board of Nursing in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., and through the authority granted in R.S. 37:918 has repealed Chapter 34, Section 3405, Subsection A, other causes, Subparagraph o under Title 46, Professional and Occupational Standards, Part XLVII. The request is to repeal the definition that states “failing to report to the board one’s status when one performs or participates in exposure-prone procedures and is known to be a carrier of the hepatitis B virus or human immunodeficiency virus (HIV), in accordance with LAC XLVII.4005.” This specific definition is no longer relevant with the deletion of Chapter 40, Prevention of Transmission of Hepatitis B Virus (HBV), Hepatitis C Virus (HBV) and Human Immunodeficiency Virus (HIV), which required that nurses report their status. With the removal of Chapter 40, the Louisiana State Board of Nursing would not have the authority to take disciplinary action if a nurse has not reported self-exposure to an infectious disease.
