NOTICE OF RIGHT TO INSTALL AND USE A MONITORING DEVICE IN YOUR ROOM AT A NURSING HOME

WHO can exercise this Right to Install and Use a Monitoring Device?
1. A Resident of a Nursing Home, provided that the resident has capacity to consent; or
2. A Legal Representative of a Resident in a Nursing Home, if the Resident does not have capacity to consent.

WHEN can you exercise this Right to Install and Use a Monitoring Device?
1. For any resident admitted to a nursing home on or before January 1, 2019: On or before January 1, 2019, each licensed nursing home shall provide to each current resident (or, your legal representative, if applicable), a copy of this Notice, and shall give each resident or his legal representative a choice to have a monitoring device installed in the room of the resident and provide a copy of the attached Authorization Form.
2. For any resident admitted to a nursing home after January 1, 2019: At the time of admission to a nursing home, the nursing home shall notify you (or your legal representative, if applicable) of your right to have a monitoring device installed in your room and provide a copy of this Notice; at that time, the nursing home shall offer you the option to have a monitoring device in your room and provide a copy of the attached Authorization Form.
3. Further, you (or your roommate) may choose to install a monitoring device in your room in the nursing home at any time while you reside in the nursing home.

You may reverse your choice at any time, but you must give notice of such reversal to the nursing home and to the ombudsman. You may use the attached Reversal Form, Form HSS 596-2.

Whose choice is it to have a monitoring device installed and used in your room?

1. This is a choice that ONLY you and/or your legal representative can make.
2. A nursing home CANNOT deny a person/resident admission to a nursing home just because the person/resident chooses to authorize installation and use of a monitoring device.

What happens if you want a monitoring device in your room, but your roommate does not want one?

1. If your roommate refuses to consent to having a monitoring device installed in your room, then the nursing home shall make a reasonable attempt to accommodate you, as follows:
   a. The nursing home offers to move you or your roommate to another shared room that is available at the time of your request; or
   b. The nursing home offers to move you to a private room, provided that you pay the private room rate.
2. If the nursing home is unable to accommodate you due to lack of space, then the nursing home shall reevaluate your request at least every two weeks until your request is fulfilled or withdrawn.

What Documentation Must Be Maintained by Nursing Home?

1. The nursing home is to keep a record of each resident’s authorization to have a monitoring device, each resident’s choice not to have monitoring device, and each resident’s decision(s) to reverse his decision on whether or not to have a monitoring device.
2. The nursing home is to make these records available to the ombudsman.
