Introduction & Executive Summary

Milliman, Inc. (Milliman) has been retained by the State of Louisiana, Department of Health (LDH) to provide actuarial and consulting services related to the development of capitation rates for the Physical Health (PH) and Specialized Behavioral Health (SBH) programs within the Healthy Louisiana managed care program. This memorandum provides supporting documentation for capitation rates paid from July 1, 2023 through June 30, 2024.

Based on 42 CFR 438.7(c)(3), an amended capitation rate certification is not required if the State increases or decreases the capitation rate per rate cell up to 1.5%. The CFR notes: “CMS may require a State to provide documentation that modifications to the capitation rate comply with the requirements in §§ 438.3(c) and (e) and 438.4(b)(1).” LDH has elected to pay capitation rates that are approximately 0.01% above the certified amended capitation rates for consideration outlined in the following documents:

- State Fiscal Year 2024 Healthy Louisiana Medicaid Managed Care Capitation Rate Amendment dated December 6, 2023
- January 2024 Healthy Louisiana Medicaid Managed Care Capitation Rate Amendment dated February 14, 2024

This memorandum serves as documentation of these capitation rate modifications.

Update to FMP Payments

Effective for the state fiscal year (SFY) 2024 rating period, Full Medicaid Pricing (FMP) payments for physician services were included as part of the original rate development. Following the approval and certification of the original rates, it was discovered that one of the providers participating in the FMP program was inadvertently not included in the development of FMP payments. In recognition of the lack of funding for the missing provider, LDH has elected to pay above the certified SFY 2024 capitation rates, specifically for the FMP portion of the capitation rates.

Capitation Rate Update

The updated capitation rates for the Medicaid managed care populations are illustrated in Figure 1. Figure 1a provides the rates effective from July 1, 2023 through December 31, 2023, and includes a comparison to the amended effective capitation rates for July 1, 2023 through December 31, 2023. The rates are inclusive of directed payments and Full Medicaid Pricing (FMP) amounts. The composite rates illustrated for January 1, 2024 through June 30, 2024 have been developed based on an estimate of projected enrollment during that time period.
