

The background of the cover is a blurred photograph of a medical professional in a white coat, possibly a nurse or doctor, with their hands near a patient. A large, semi-transparent green cross is centered over the image. Various medical icons are overlaid in a light green color, including a syringe, a pill, a stethoscope, a group of people, and a virus-like particle. A network of thin green lines connects some of these icons, suggesting a digital or interconnected healthcare system. The right side of the cover features a dark grey diagonal band where the title and other text are located.

Study Purpose

The Louisiana Department of Health (LDH) – Office of Behavioral Health (LDH-OBH) engaged Myers and Stauffer LC (Myers and Stauffer) to analyze specialized behavioral health encounter data submitted to Louisiana’s fiscal agent contractor (FAC), Gainwell Technologies, by the managed care organizations (MCO) and prepaid inpatient health plan (PIHP). For purposes of this analysis, “encounter data” are claims that have been paid by the MCO or PIHP to health care providers that rendered behavioral health care services to members enrolled with the health plan. The MCOs and PHIP included in this report are listed below.

Managed Care Organizations (MCO, health plans)

- AmeriHealth Caritas Louisiana (ACLA)
- Aetna Better Health of Louisiana (Aetna)
- Healthy Blue (HB)
- Humana Healthy Horizons in Louisiana (Humana)
- Louisiana Healthcare Connections (LHCC)
- UnitedHealthcare Community Plan (UHC)

Prepaid Inpatient Health Plan (PIHP, health plan)

- Magellan Complete Care of Louisiana, Inc. (Magellan Health)

LDH-OBH requested that, for this study, we review the health plans’ specialized behavioral health service encounters for:

1. The use of procedure code modifiers for member’s age and rendering provider’s education level as shown on the Specialized Behavioral Health (SBH) Fee Schedule (effective 1/1/2024)¹.
2. The health plan paid amount compared to the SBH Fee Schedule.

Our work was performed in accordance with American Institute of Certified Public Accountants (AICPA) professional standards for consulting engagements. We were not engaged to, nor did we perform, an audit, examination, or review services; accordingly, we express no opinion or conclusion related to the procedures performed or the information and documentation we reviewed. In addition, our engagement was not specifically designed for, and should not be relied on, to disclose errors, fraud, or other illegal acts that may exist.

The results of our engagement and this report are intended only for the internal use of the LDH and should not be used for any other purpose.

Encounter Analysis

Data Analysis

For this study, Myers and Stauffer analyzed encounter data submitted by the plan to the FAC, loaded into the FAC's Medicaid Management Information System (MMIS), and transmitted via a monthly extract process to Myers and Stauffer. Encounters submitted by the plan that were rejected by the FAC for errors in submission or other reasons were not transmitted to Myers and Stauffer and not included in this dataset. Due to rounding, the sum of the displayed percentages in this report may not add up to the total.

Furthermore, Myers and Stauffer analyzed the encounter data from the FAC MMIS and made the following adjustments for this analysis.

1. The SBH encounters utilized in this study included dates of service from January 1, 2024 through June 30, 2024.
2. Encounters were excluded if they were identified as State System Denied, Health Plan Denied, Calculated Void, or Duplicate. See Appendix C for definitions of each category.
3. Encounters were excluded if the billing provider had a provider specific SBH rate. This list of providers was collected by the Louisiana Legislative Auditor (LLA).
4. The SBH encounters included in the study contained a Current Procedural Terminology (CPT) or Healthcare Common Procedure Coding System (HCPCS) code along with the relevant modifier(s) from the SBH Fee Schedule. No CPT or HCPCS codes were excluded unless in the exclusions 2 or 3 above. The SBH Fee Schedule is included in Appendix D.

Sample Analysis

Myers and Stauffer identified a set of SBH encounters from each health plan that contained a potential issue to use in sampling. For encounters with CPT or HCPCS codes that had Member Age and Provider Education modifiers, the encounter was included in sampling if it was missing a modifier or the paid amount did not match the SBH fee schedule. For encounters with CPT or HCPCS codes that did not have Member Age or Provider Education modifiers, the encounter was included in sampling if the paid amount did not match the SBH fee schedule. The samples were sent to each health plan for review. Each health plan was asked to provide support for the modifiers used and the amount paid. Health plan responses are summarized below. Specific health plan responses are included in Appendix A and results by health plan can be found in Appendix B.

- One health plan responded that the initial claim was incorrectly paid. This response was categorized as a Process Error. Five health plans responded that the initial claim was paid correctly but this could not be supported upon review. This response was categorized as a Potential Pricing Issue. Combined, these issues counted 50 of 1,680 sample encounters or 3.0% of the sample in the table below.
- The largest responses were that the provider used another fee schedule, had a specific contract with the health plan, or was paid correctly.
- One health plan responded that the encounter was manually priced. It is unknown if this was a payment issue.

Health Plan Responses by Type		
Payment Issue?	Health Plan Response Type	Total
Issue	Process Error / Plan States it will reprocess	1
Issue	Potential Pricing Issue / Follow-up with Plan	49
No Issue	Billed Charge	0
No Issue	COB	5

No Issue	Multiple Units	119
No Issue	Paid Correctly	969

Total		1,680

Observations

After completing this analysis, the following are observations regarding SBH encounters during the measurement period.

1. The health plans appear to be following the guidance from LDH that age and degree level modifiers are not required. Per the SBH Fee Schedule, “Age and degree level modifiers can be added as applicable...”.
2. The majority of the responses indicated that the claim was paid correctly due to factors such as Coordination of Benefits (COB) or Third Party Liability (TPL), multiple units billed, provider-specific arrangements, or the use of non-SBH fee schedules.
 - a. For provider-specific arrangements, health plans contract with providers in order to ensure an adequate provider network for their members across the state. These arrangements are often defined such that the provider will be paid a percentage of the relevant Medicaid fee schedule. An example would be that the provider agrees to join the health plan’s network and be reimbursed at 105% of the Medicaid fee schedule.
3. One health plan found an instance of incorrect provider billing.
4. One health plan responded that “No SBH modifier on claim; Paid based upon Professional Services Fee schedule.” Further guidance from LDH may be required to ensure that the correct fee schedule is being utilized for these claims.

Appendix D: SBH Fee Schedule

Encounters from behavioral health services were included based on the CPT and HCPCS codes in the Specialized Behavioral Health Fee Schedule. The fee schedule was divided into those codes that had Member Age and Provider modifiers and those codes without. Note that blank fields in the tables below indicate that a modifier is not required.
