Notice of Denial

September 12, 2019

To the Parents or Guardian of:

Paw Patrol Kid

Rubble Blvd.

Baton Rouge, LA 12345

Dear Parents or Guardian of **Paw Patrol Kid**:

We are writing to tell you that your request for Pediatric Day Health Care (PDHC) and transportation for dates of service **09/29/19 to 12/24/19** is denied and **Health Plan** will not pay for the care.

To find out why we won't pay, keep reading. If you think we made a mistake, you may ask for an appeal.

If you have questions, call **Health Plan** at **1-866-123-4567** or **TDD/TTY 111**. **This call is free**. Your doctor also got a copy of this letter, so you can also talk to your doctor.

Why won't Health Plan pay for PDHC and transportation for 09/29/19 to 12/24/19?

The name of the criteria and/or regulation used to make the decision is: [Louisiana Medicaid Pediatric Day Health Care Provider Manual](#). According the PDHC Manual, a child under 21 years old must meet all of the following criteria:

- Have a medically complex condition;
- Needs skilled nursing care and;
- Requires any type of therapy by a licensed nurse on an ongoing basis to:
 - preserve and maintain health;
 - prevent death;
 - treat or cure disease;
 - improve disabilities or other adverse health conditions; and/or prolong life.
- Be stable for outpatient medical services in a home or community-based setting.

We reviewed the records from **Dr. Skye and Kids Zone Care** submitted on 09/12/18. The records show:

[Include Health Plan footer info here and page numbers]

- Your child has a history of seizures and is taking Keppra for the condition.
- The seizures are controlled on Keppra.
- Your child is no longer having seizures and does not require skilled nursing care for continuous monitoring for seizures. If your child was still having seizures, she would qualify for the services.
- The records do not document that she has any other complex medical conditions or needs, such as oxygen, heart or lung disease nor do the records show she is taking any prescription medications that must be given in a daycare setting, intravenously (IV) or by a feeding tube that would require skilled nursing care.

These are only some of the medical needs that would qualify for PDHC and transportation services. Other needs not listed can make someone eligible for PDHC.

Based on the PDHC Provider Manual and medical records reviewed, you do not meet the criteria for PDHC. Because of all the reasons stated, Health Plan does not think the care is medically necessary.
