

## **Notification 6276**

Implementation Date

7/6/23

Category

Correct Coding

Topic

Rebundling

What is Changing?

•When all components for an electrocardiogram are billed, the codes will be recoded to the more appropriate comprehensive code for an electrocardiogram.

• When adjacent tissue transfer or rearrangement is billed multiple times, the codes will be recoded to the more appropriate code for a larger tissue area

•When X-rays are billed for a chest view and abdomen view, the codes will be recoded to the more appropriate comprehensive code that includes both services

•When paring or cutting of benign hyperkeratotic lesions is billed for two to four lesions for both right and left limbs on the same day, the codes will be recoded to the more appropriate code for more than four lesions total.

•When all components for a cardiovascular stress test are billed, the codes will be recoded to the more appropriate comprehensive code for a cardiovascular stress test

Language

English

Provider Types

- Inpatient/Outpatient Facilities
- Physician/Health Care Providers

Impacted Products

- Medicaid – Louisiana

Why is Humana making this change?

The code that more accurately describes services being rendered will be allowed per AMA CPT definition.
