
CHAPTER 5: PROFESSIONAL SERVICES

SECTION 5.1: COVERED SERVICES

Psychiatric Services

Louisiana Medicaid reimburses professional service providers for psychiatric services delivered in the office, or other outpatient facility setting. Providers are to select the most appropriate *Current Procedural Terminology* (CPT) codes for psychiatric services rendered as outlined in the CPT manual. ~~related to psychiatric services delivered in the office or other outpatient facility setting.~~ Covered services are listed on the Professional Services fee schedule accessed on the Medicaid website. Behavioral health providers should also refer to the Specialized Behavioral Health fee schedule for information on covered services.

~~Psychological testing is covered once per recipient per year per attending provider. Providers shall bill all applicable units of service related to the testing on a single date of service and not divide the units into multiple dates of service or claim lines.~~

~~Federally qualified health centers (FQHCs) and rural health clinics (RHCs) who provide mental health services shall enter the appropriate psychiatric procedure codes as encounter detail lines when submitting claims for these services.~~
