**Inpatient Hospital Services

Supplemental Payments Pool Elimination
(LAC 50:V.1331)**

The Department of Health, Bureau of Health Services Financing amends LAC 50:V.1331 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953 (B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing amended the provisions governing the reimbursement methodology for inpatient hospital services to adopt provisions in order to continue medical education payments to state hospitals, children's specialty hospitals and acute care hospitals classified as teaching hospitals when the hospitals are reimbursed by prepaid risk-bearing MCOs for inpatient hospital services (*Louisiana Register*, Volume 38, Number 11).

As a result of a budgetary shortfall in SFY 2017, the Department of Health, Bureau of Health Services Financing promulgated an Emergency Rule which amended the provisions

governing inpatient hospital services to eliminate the total supplemental payments pool for graduate medical education payments to qualifying acute care hospitals (*Louisiana Register*, Volume 43, Number 3). The department has now determined that it is necessary to amend the provisions of the March 1, 2017 Emergency Rule in order to clarify these provisions and to correct a technical error to assure that the provisions are promulgated in a clear and concise manner. This action is being taken to avoid a budget deficit in the Medical Assistance Program.

Effective March 2, 2017, the Department of Health, Bureau of Health Services Financing amends the provisions of the March 1, 2017 Emergency Rule governing the reimbursement methodology for inpatient hospital services to eliminate the pool for supplemental payments for graduate medical education.
