SUMMARY

In accordance with Section 953 of Title 49 of the Louisiana Revised Statutes, there is hereby submitted a fiscal and economic impact statement on the rule proposed for adoption, repeal or amendment. The following summary statements, based on the attached worksheets, will be published in the Louisiana Register with the proposed agency rule.

ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS  
(SUMMARY)

I. *It is anticipated that implementation of this proposed rule will have no programmatic fiscal impact to the state other than the cost of promulgation for FY 17-18 due to the majority of the state plan family planning recipients transitioning to Medicaid expansion in July 2016. The remaining recipients in this program historically do not exceed the seven visit limit; however, there may be potential for an increase in family planning expenditures should the utilization of these services go up beyond the customary seven visits. It is anticipated that \$432 (\$216 SGF and \$216 FED) will be expended in FY 17-18 for the state's administrative expense for promulgation of this proposed rule and the final rule.*

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS  
(Summary)

*It is anticipated that the implementation of this proposed rule will have no effect on revenue collections other than the federal share of the promulgation costs for FY 17-18. It is anticipated that \$216 will be collected in FY 17-18 for the federal share of the expense for promulgation of this proposed rule and the final rule.*

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR  
NON-GOVERNMENTAL GROUPS (Summary)

*This proposed Rule amends the provisions governing family planning services to remove the limitation on office visits for physical examinations for family planning and family planning-related services to align the Medicaid State Plan with the approved State Plan amendment governing Medicaid expansion, in compliance with U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services' requirements. It is anticipated that implementation of this proposed rule will not result in costs to providers of family planning services for FY 17-18, FY 18-19 and FY 19-20; however, it may be beneficial to providers should provider payments increase as a result of the utilization of family planning services exceeding the customary seven visits.*

V. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

*This rule has no known effect on competition and employment.*
