

DECLARATION OF EMERGENCY

Department of Health
Bureau of Health Services Financing

Inpatient Hospital Services
Non-Rural, Non-State Hospitals
Reimbursement Rate Increase
(LAC 50:V.Chapter 9)

The Department of Health, Bureau of Health Services Financing amends LAC 50:V.Chapter 9 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953 (B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing amended the provisions governing the reimbursement methodology for inpatient hospital services rendered by children's specialty hospitals to revise the reimbursement methodology and establish outlier payment provisions (*Louisiana Register*, Volume 42, Number 2).

In order to comply with the requirements of House Concurrent Resolution 51 of the 2016 Regular Session of the Louisiana Legislature, the Department of Health, Bureau of Health Services Financing now proposes to amend the provisions governing the reimbursement methodology for inpatient hospital services to increase the Medicaid reimbursement rates paid to

non-rural, non-state hospitals. This action is being taken to promote the health and welfare of Medicaid recipients by ensuring sufficient provider participation and continued access to inpatient hospital services in the Medicaid Program. It is estimated that implementation of this Emergency Rule will increase expenditures in the Medicaid Program by approximately \$1,860,328 for state fiscal year 2016-2017.

Effective January 1, 2017, the Department of Health, Bureau of Health Services Financing amends the provisions governing the reimbursement methodology for non-rural, non-state inpatient hospital services.
