The Department of Health, Bureau of Health Services Financing amends LAC 50:V.5313, 5317, and §§5513, 5517, 5713, 5719, 6115 and 6119 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953 (B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing amended the provisions governing the reimbursement methodology for outpatient hospital services in order to revise the qualifying criteria and reimbursement methodology for non-rural, non-state public hospitals and to correct the Code of Federal Regulation citation (*Louisiana Register*, Volume 40, Number 9).

In order to comply with the requirements of House Concurrent Resolution 51 of the 2016 Regular Session of the Louisiana Legislature, the Department of Health, Bureau of Health Services Financing now proposes to amend the provisions governing the reimbursement methodology for outpatient hospital services to

increase the Medicaid reimbursement rates paid to non-rural, non-state hospitals and children's specialty hospitals. This action is being taken to promote the health and welfare of Medicaid recipients by ensuring sufficient provider participation and continued access to outpatient hospital services in the Medicaid Program. It is estimated that implementation of this Emergency Rule will increase expenditures in the Medicaid Program by approximately \$780,514 for state fiscal year 2016-2017.

Effective January 1, 2017, the Department of Health, Bureau of Health Services Financing amends the provisions governing the reimbursement methodology for outpatient hospital services provided by non-rural, non-state hospitals and children's specialty hospitals.
