

§963. Public Hospitals

A. Effective for dates of service on or after May 15, 2011, non-rural, non-state public hospitals shall be reimbursed up to the Medicare inpatient upper payment limits as determined in accordance with 42 CFR §447.272.

B. Effective for dates of service on or after August 1, 2012, quarterly supplemental payments will be issued to qualifying non-rural, non-state public hospitals for inpatient services rendered during the quarter. Payment amounts shall be reimbursed up to the Medicare inpatient upper payment limits as determined in accordance with 42 CFR §447.272.

1. Qualifying Criteria. In order to qualify for the quarterly supplemental payment, the non-rural, non-state public acute care hospital must:

a. be designated as a major teaching hospital by the department in state fiscal year 2011 (as of May 15, 2011) and have provided at least 17,000 Medicaid acute care and distinct part psychiatric unit paid days for state fiscal year 2010 dates of service; or

b. effective for dates of service on or after August 1, 2012, be located in a city with a population of over 300,000 as of the 2010 U.S. Census.

C. Each qualifying hospital shall receive quarterly supplemental payments for the inpatient services rendered during the quarter. Quarterly payments shall be the difference between each qualifying hospital's inpatient Medicaid billed charges and Medicaid payments the hospital receives for covered inpatient services provided to Medicaid recipients. Medicaid billed charges and payments will be based on a 12 consecutive month period for claims data selected by the department.

D. With respect to qualifying hospitals that are enrolled in Medicaid after December 1, 2013, projected Medicaid utilization and claims data submitted by the hospital and confirmed by the department as reasonable will be used as the basis for making quarterly supplemental payments during the hospital's start-up period.

1. For purposes of these provisions, the start-up period shall be defined as the first three years of operation.

2. During the start-up period, the department shall verify that supplemental payments do not exceed the inpatient charge differential based on each state fiscal year's claims data and shall recoup amounts determined to have been overpaid.

E. In the event that there is allowable non-state public upper payment limit that is not utilized, additional non-state

public hospitals as defined by the department may be qualified for this payment.
