**CHIPRA REQUIRED NOTICE** 

Under the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA), group health plans and group health insurance issuers must offer special enrollment opportunities. Employers that maintain a group health plan in a state that provides premium assistance under Medicaid or CHIP must notify all employees of potential opportunities for premium assistance in the state in which the employee resides.

The Employer CHIP Notice may be provided with the Summary Plan Description, enrollment packets or open season materials as long as these materials are provided to all employees, and are provided in accordance with the Department of Labor's disclosure rules. The notice must be provided annually.
