Louisiana Health Insurance Premium Payment Program
100 Crescent Centre Parkway, Ste. 100
Tucker, GA 30084

Employers and Benefit Coordinators,

We are excited to share information about our Louisiana Health Insurance Premium Payment (LaHIPP) program. LaHIPP can assist your employees by reimbursing their employer-sponsored health insurance premiums, along with paying for co-pays, co-insurance, and deductibles for Medicaid eligible beneficiaries.

With the LaHIPP program, Medicaid eligible beneficiaries keep their current employer health coverage and doctors. The program helps to make healthcare more affordable and accessible.

Under the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA), group health plans and group health insurance issuers must offer special enrollment opportunities. Employers that maintain a group health plan in a State that provides premium assistance under Medicaid or CHIP must notify all employees of potential opportunities for premium assistance in the State in which the employee resides.

Your company plays a key role in helping employees access the LaHIPP program.

Here are ways you can assist:

- Inform employees about the available LaHIPP resources, which can be found at <https://ldh.la.gov/lahipp>.
- Ensure employees are aware of the special enrollment opportunities.
- Include the [LaHIPP flyer](#) in your employee benefit enrollment packets.
- Incorporate the [LaHIPP poster](#) into your workplace.
- Support employees during the application process by providing:
 - The current rate sheet
 - Employer participation details
 - Employer federal tax ID
 - Summary of benefits

For more information, please see the [employer flyer](#) or contact us at La.HIPP@la.gov or

1-877-697-6703.

We look forward to helping your employees get started with LaHIPP!

Best regards,
The Louisiana Health Insurance Premium Payment Program
