

**Health Alert Network Message
22-05: Expiration Dates of SELECT
Lots of the Point-of-Care Abbott
BinaxNow COVID-19 Antigen Tests
EXTENDED to 15 months**

Origination Date:
January 20, 2022

Revision Dates (List All Revision Dates):

**Expiration Dates of SELECT Lots of the Point-of-Care
Abbott BinaxNow COVID-19 Antigen Tests EXTENDED to 15
months**

The expiration dates of the lot numbers listed in the referenced link have been extended to 15 months from the date of manufacture. Please see the following link to determine if you currently have affected lots with the new 15-month expiration date.

https://content.veeabb.com/1d09429b-8373-419f-8f1a-d28f9586863a/678e2269-44b7-4c6d-8fa9-0a55a40f30f7/678e2269-44b7-4c6d-8fa9-0a55a40f30f7_source_v.pdf

Note that this extension applies ONLY to the lot numbers of the point-of-care (waived) BinaxNow tests listed in the notification from Abbott. It does NOT apply to the over-the-counter at-home version of the test.

Facilities should keep a copy of the referenced document for any future CLIA inspections.

Please note all kits must have been stored at all times in accordance with the manufacturer's guidelines for them to remain usable. If that is not the case, then the kits are NOT usable even with the extended expiration dates.
