

# Have you tested your private water well this year?

**Are you interested in no-cost bacteriological sampling services?**

**Sample your private water well with the Louisiana Office of Public Health Laboratories.**

**Yearly bacteriological testing is recommended as a regular practice and more frequently depending on weather events or your family's changing needs. Kits can be ordered online, obtained from the Louisiana Private Well Owner Network Program or directly from one of Louisiana Department of Health's Public Health Unit locations.**

Please contact the Louisiana Department of Health's Private Well Initiative Program at **888-293-7020** or email **PWI@la.gov** for more information.
