

RULE

**Department of Health and Hospitals
Office of Public Health
Center for Environmental Health**

**Sanitary Code Chapter XII—Water Supplies
(LAC 48:V.Chapter 73)**

Editor's Note: This Rule is being repromulgated in its entirety to correct printing errors. The original rule may be viewed on pages 502-508 of the March 20, 2002 edition of the *Louisiana Register*. Please note the effective date of this rule.

In accordance with the Louisiana Administrative Procedures Act, R.S. 49:950, et seq., The Department of Health and Hospitals, Office of Public Health, Center for Environmental Health, pursuant to the authority in R.S. 40:4, and authorized by R.S. 40:1148, herewith repeals the Rule entitled Water Treatment Plant Operator Certification consisting of the Louisiana Administrative Code, Title 48, Part V, sections 7301 through 7335, and adopts the following rule consisting of LAC, Title 48, Part V, Sections 7301 through 7339.

Also, under the authority of R. S. 40:4 and in accordance with R. S. 49:950 et seq., the Administrative Procedure Act, the Department of Health and Hospitals, Office of Public Health herewith amends Chapter XII (Water Supplies) of the Louisiana State Sanitary Code.

The following rules shall be effective April 1, 2002

Title 48

PUBLIC HEALTH-GENERAL

Part V. Preventive Health Services

**Subpart 21. Water and Wastewater Operator
Certification**

Chapter 73. Certification

§7301. Definitions

A. Unless otherwise specifically provided herein, the following words and terms used in this Chapter are defined for the purposes thereof as follows.

Committee of Certification—as defined in statute R.S. 40:1142.

Community Sewerage System—any sewerage system which serves multiple connections and consists of a collection and/or pumping/transport system and treatment facility.

Department—the Louisiana Department of Health and Hospitals, Office of Public Health.

Person—an individual, a public or private corporation, an association, a partnership, a public body created by or pursuant to state law, the state of Louisiana, an agency or political subdivision of the state, a federally recognized Indian tribe, the United States government, a political subdivision of the United States government, and any officer, employee, or agent of one of those entities.

Operator—the individual, as determined by the Committee of Certification, in attendance on site of a water supply system or sewerage system and whose performance, judgment, and direction affects either the safety, sanitary quality, or quantity of water or sewage treated or delivered.

Public Water System—a system for the provision to the public of water for potable purposes through pipes or other constructed conveyances, if such system has at least 15

service connections or regularly serves an average of at least 25 individuals daily at least 60 days out of the year.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:502 (March 2002), repromulgated LR 28:839 (April 2002)..

§7303. Certification Requirements

A. The basic requirements for certification are set forth in R.S. 40:1141-1151.

B. The Operator of any public water system or any community sewerage system shall hold current and valid professional certification(s) of the required category(s) at or above the level required for the total system and individual facility. Additionally, an operator shall demonstrate that, when not actually on site at the facility, he is capable of responding to that location within one hour of being notified that his presence is needed.

C. Systems operating multiple shifts are required to have a minimum of one certified operator present on each shift. Exact numbers of certified operators required may be determined by the committee of certification.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:502 (March 2002), repromulgated LR 28:839 (April 2002).

§7305. Categories of Certification

A. Certifications are offered in each of the following areas (categories), of qualification:

1. water production;
2. water distribution;
3. water treatment;
4. wastewater collection;
5. wastewater treatment.

B. Water production certifications are required on all facilities. For those systems which use groundwater as a source of raw water and which do not alter the physical, chemical or bacteriological quality of the water other than simple disinfection, operators will not be required to hold certificates for treatment in addition to production.

C. Water distribution certifications are required on all portions of the water supply system in which water is conveyed from the water treatment plant or other supply point to the premises of the consumer.

D. Water treatment certifications are required for all operators of facilities which use surface water as a source of raw water, as well as those groundwater systems that involve complex treatment and/or which in some way alters the physical, chemical or bacteriological quality of the water. Water Treatment certification shall not be required for groundwater systems for which the only type of treatment employed is simple disinfection, and where the well(s) has been determined to be not under the direct influence of surface water.

E. Wastewater treatment certifications are required on all facilities which provide for the treatment of wastewater and the reduction and/or handling of sludge removed from such wastewater.

F. Wastewater collection certifications are required on all components of a sewerage system except for the sewage treatment plant.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:503 (March 2002), repromulgated LR 28:839 (April 2002).

§7307. Levels (Classes) of Certification for Types of Facilities

A. Required levels of certification for an operator, based on facility classification, are as follows:

Population Served	Facility Classification
<1,000	Class 1
1,001-5,000	Class 2
5,001-25,000	Class 3
Over 25,000	Class 4

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:840 (March 2002).

§7309. Operator Qualifications—General (Education/Experience)

A. Whereas R.S. 40:1141-1151 specifies minimum operator qualifications in years, these values have been converted to "points" for ease of integration with continuing education credits and substitutions between education and experience. Operator qualifications for the various levels of certification shall be determined by minimum point values as follows:

Certification Level	Required Points
Op-In-Training	0
Class 1	1
Class 2	2
Class 3	5
Class 4	8

NOTE: A minimum educational requirement of a High School Diploma (or G.E.D.) is applied to ALL levels of certification. Required point values for education and experience are in addition to this minimum level of education. Point value required for Classes 1 and 2 may be from experience alone although 25 percent of this value may be acquired from education credit. No more than 75 percent of the total required points for Classes 3 or 4 may be obtained from education or experience alone.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:504 (March 2002), repromulgated LR 28:840 (April 2002).

§7311. Operator Qualifications—Substitutions/Assignment of Point Values

A. Point values for education, continuing education, and experience are assigned as follows.

1. Education
 - a. Each year of formal college education (minimum of 30 semester hours) = 1 point
 - b. Each year of formal graduate level education = 1.5 points
 - c. Each semester hour (credit) for college-level courses = 0.033 point
 - d. Each 40-hour qualified, approved training course = 0.10 point

e. Each 8 hours of qualifying, approved continuing education = 0.02 point

f. Each 1 hour of qualifying, approved continuing education = 0.0025 point

2. Experience
 - a. Each year of qualifying operator experience = 1 point
 - b. Each year of qualifying related experience = 0.5 point
 - c. Each year of qualifying supervisory experience = 1.5 points

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:504 (March 2002), repromulgated LR 28:840 (April 2002).

§7313. Professional Certification

A. All persons seeking professional certification must be employed or seeking employment by a water or wastewater utility.

B. Certificates must be displayed by the holder in a prominent place in the classified facility. Additionally, at such time as a certified operator is issued a certified operator identification card, the operator shall carry his identification card on their person while on duty in the classified facility. Failure to do so may be considered grounds for revocation of the certificate in accordance with R.S. 40:1145(D).

C. Certificates shall be valid only so long as the holder uses reasonable care, judgment, and knowledge in the performance of his/her duties. No certificate will be valid if obtained or renewed through fraud, deceit, or the submission of inaccurate qualification data.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:504 (March 2002), repromulgated LR 28:840 (April 2002).

§7315. Limited Certificates

A. Only those limited certificates issued prior to the effective date of these Rules, in compliance with R.S. 40:1141-1152 remain valid, and shall remain valid only for the system in which the operator was previously employed and for the conditions of operations and duties involved on the original effective date of this Rule.

B. Limited certificates shall be renewable upon application provided the requirements for renewal without reexamination for certificates of even grade are satisfied.

C. Persons granted limited certificates and renewals of limited certificates shall pay the same fees as are fixed for mandatory certificates of like grade.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:504 (March 2002), repromulgated LR 28:840 (April 2002).

§7317. Operator-in-Training

A. Operator-in-Training certificates may be granted to newly hired personnel, who have not previously been certified, or who have not held any type of certification for in excess of two years, and who do not presently qualify for a professional or provisional certificate. Such individuals may make application for the appropriate category (water, wastewater) of operator-in-training certificate. The

certification officer will then begin maintaining records of all approved education, training and experience credits accumulated by the operator-in-training. An operator-in-training certificate shall be valid for a period of 24 months from the date of issue, and may be renewed in the same manner as provisional or professional certificates. Operators-in-training may not be designated as the operator of the system/facility.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:504 (March 2002), repromulgated LR 28:840 (April 2002).

§7319. Provisional Certificate

A. A provisional certificate may be issued to any applicant who successfully passes an examination. Provisional certificates shall not qualify an individual to serve as the operator of a facility.

B. A provisional certificate may be converted to a professional certificate if the certificate holder meets all qualifications and assumes the duties of an active operator of a water or wastewater system.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:504 (March 2002), repromulgated LR 28:841 (April 2002).

§7321. Examinations—General

A. All operators wishing to become certified by the State of Louisiana, must pass an examination demonstrating they have the necessary knowledge, skills, judgement, and abilities as specified by the committee of certification. All exam questions will be validated by the committee of certification or their appointees.

B. Exams shall be conducted in the English language.

C. The committee of certification has established open examination periods for water and/or wastewater operators to be examined. They are as follows.

1. One annual open exam shall be conducted at the conclusion of the annual Louisiana Conference on Water Supply, Sewerage and Industrial Waste "Short Course," meeting which is held in various locations around the state.

2. One open exam shall be conducted at the conclusion of the Louisiana Rural Water Association Annual Conference.

3. Other open examinations may be scheduled at other locations as determined by the committee of certification based on their determination of need subject to provisions of §7305 of these Rules.

4. Application for examinations to be given following scheduled training courses, seminars, workshops, etc., (as listed in §7329 and §7331 of these Rules) will be considered on a case-by-case basis by the committee of certification.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:505 (March 2002), repromulgated LR 28:841 (April 2002).

§7323. Examinations—Individual Operator Requirements

A. Individual operators must make written application to the committee of certification to take each examination or series of examinations. The application forms will be made

available to the examinee prior to the exam period with ample time given to allow completion prior to the actual exam period. The operator (examinee) carries the responsibility for the accuracy of the information contained in the application.

B. Applicants for certification examinations must pay the prescribed exam fee at the conclusion of testing (see §7333 of these Rules).

C. All examinations shall be administered in the English language. Requests for examinations to be administered orally may be considered by the administrator, upon written request by an applicant, submitted at least 30 days in advance, with verifiable proof from a physician that the applicant has a medical condition temporarily preventing him from taking the examination in the conventional manner.

D. Exams shall be taken and passed in sequence from the Class 1 to the Class 4 in each category.

E. Applicants may not apply to take and may not take examinations for certification higher than one level above that for which they are currently qualified.

F. If an applicant takes an examination and fails to attain a passing grade (70 percent or higher), he must wait a minimum of 90 days before he can take another exam in the same category and level. After three failed attempts at the same examination, an applicant will be required to attend a 40-hour training course before retesting will be allowed.

G. All examinations will be graded by department personnel and retained for two years. The examinee will be notified of the results. Examinations will not be returned to the examinee, but may, upon written request, be reviewed in the Operator Certification Program Office in Baton Rouge within 30 days following receipt of the notification of results.

H. Individuals caught cheating during the operator certification examinations or found to have prejudiced these exams or applications in any way shall be entitled to an administrative hearing before the committee of certification. If the committee finds that valid grounds exist, it shall revoke the subject's current certificate, it may refuse to certify the applicant and it may reject future applications. As provided in the Administrative Procedure Act, an aggrieved party may seek judicial review of the committee of certification's action.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:505 (March 2002), repromulgated LR 28:841 (April 2002).

§7325. Application for Certification

A. All applications for certificates shall be addressed to: Administrator, Operator Certification Program, Louisiana Department of Health and Hospitals, Office of Public Health, 6867 Bluebonnet Boulevard, Baton Rouge, LA 70810. Applications for certificates must be accompanied by the prescribed fees.

B. All initial applications for any category of either new certificates or renewal certificates received subsequent to the effective date of this Rule, shall be accompanied by a "Certification Law and Rules Examination" to be completed by the applicant as part of the application process.

C. Applicants who pass the required examinations, and meet the minimum education and experience requirements, and are actively employed by a water or wastewater system, will be notified that they may apply for the earned professional operator certification.

D. Applicants who pass an examination but do not meet the education and experience requirements will be notified of what education and/or experience and/or training is required to qualify. Such applicants, upon payment of the prescribed fee, will be issued a provisional certification in the classification(s) for which they have passed the examination(s). At whatever time the applicant qualifies, an application with the necessary fee must be submitted or re-examination may be required.

E. Individuals who have combined work experience in both water and wastewater may make written application to the certification committee for credit toward certification in either or both of the two categories. The work experience will be listed in a detailed resumé application which details the overlapping areas of work responsibility. This application will be certified by the immediate supervisor of the individual requesting certification. The committee of certification will rule on each individual application as presented. These applications will be reviewed twice a year by a screening subcommittee composed of members of the operator certification committee.

F. One individual may be designated as the operator over (several) more than one water or wastewater system or district provided that he can demonstrate that he is actively involved on a day-to-day basis in the operation of each of the systems, and is able to respond to the systems locations within one hour of notification that his presence is required.

G. Experience must be in actual water system or sewage system operation or its approved equivalent and must be in the field applying to the respective certificates. Experience as foreman or supervisor in most capacities in water and sewerage systems may be considered acceptable. Experience in purely clerical capacity, such as accounting, bookkeeping cannot be considered as acceptable experience. Experience in narrow technical capacities, such as laboratory technicians or meter readers may be considered for partial credit by the committee.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:505 (March 2002), repromulgated LR 28:841 (April 2002).

§7327. Renewal and Recertification

A. Renewal Requirements. In order to qualify for renewal of certificates held in any and all classes, all operators of water and sewerage works shall enumerate, certify and provide evidence that he/she has attended a minimal number of contact hours of approved operator training for each certificate held during the previous two-year certification period. A minimum of 16 contact hours is required for renewal of any certifications held in water categories or 8 hours per certificate whichever is the greater. Likewise, a minimum of 16 contact hours is required for renewal of any certifications held in wastewater categories. Failure to attend the required training or failure to furnish the required information shall constitute grounds for refusal to renew the certificate. Approved training is defined as the completion of any of the training courses listed in §7329. It

is strongly recommended that course outlines (or lesson plans) for other proposed in-service training be submitted for approval prior to the proposed date of training.

B. Recertification. Operators for whom certification has been expired in excess of two years are not eligible to renew their license(s), and shall be required to reapply for certification under the provisions of this Rule. In such cases, applicants shall be re-examined and shall demonstrate compliance with appropriate education and experience requirements before any certificates will be issued. In those instances where an operator's license has previously been revoked by the committee, the committee shall recommend any additional requirements for recertification that are deemed appropriate, and rule on the operator's eligibility to reapply for a license.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:506 (March 2002), repromulgated LR 28:842 (April 2002).

§7329. Training—General

A. Training Courses Available. To be approved for training credit by the Administrator of the Operator Certification Program, the training courses identified in Paragraph B of this Section must meet the following general requirements.

1. The administrator must have on file a copy of the course outline of the training course, seminar, workshop, etc. to make his approval decision.

2. Information must include dates, place held, sponsoring organization, speakers/instructors and time (length of subject), and target audience (category and levels of certification addressed).

3. No blanket approvals (from year to year) will be given or implied and a separate approval must be given by the Operator Certification Program each time training is given. On doubtful courses, the administrator will bring the matter to the committee of certification for disposition. (An aggrieved applicant may apply for an administrative hearing to be conducted by a panel of the committee of certification.)

4. Operators shall be responsible to assure the sponsoring organization submitting his certified transcript of training credits earned to the administrator.

B. Training courses, short courses, technical sessions, seminars, workshops, etc., recognized by both the committee of certification and department include, but are not limited to the following:

1. annual short course of the Louisiana Conference on Water Supply, Sewerage and Industrial Wastes;

2. regional conferences of one or more days sponsored and/or co-sponsored by the Louisiana Conference on Water Supply, Sewerage and Industrial Wastes;

3. American Water Works Association Annual Conferences, technical sessions, seminars and workshops;

4. National Association of Water Companies Annual Conferences seminars and workshops;

5. Southwest Section, American Water Works Association Annual Conference, technical sessions, seminars and workshops;

6. college or university and vocational-technical sponsored water and/or wastewater courses, as approved by the certification committee;

7. Water Environment Federation Annual Conference, regional meetings, technical sessions, seminars and workshops;

8. Louisiana Water Environment Association regional meetings, technical sessions, seminars and workshops;

9. Louisiana Rural Water Association annual training and technical conference, regional meetings, technical sessions, seminars and workshops;

10. Louisiana Environmental Training Center, at University of Louisiana at Lafayette, training courses, technical sessions, seminars and workshops;

11. regional meetings, technical sessions, seminars, workshops and/or training programs, sponsored and/or co-sponsored by the Department of Health and Hospitals, or the Department of Environmental Quality;

12. water and/or wastewater operator training courses approved for certification examinations by the committee of certification;

13. short schools, technical courses, seminars, workshops and training programs sponsored by other states.

C. A water and/or wastewater organization or utility not listed above may apply to the committee of certification for recognition and approval to conduct a training course.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:506 (March 2002), repromulgated LR 28:842 (April 2002).

§7331. Examinations in Conjunction with Training Courses

A. Applicants for approved training courses may request that certification exams be conducted following the completion of the course. In order to obtain approval from the committee of certification, the applicant (sponsoring individual or organization) must comply with the following requirements and rules.

B. The applications must be submitted to: Administrator, Operator Certification Program, Louisiana Department of Health and Hospitals, Office of Public Health, 6867 Bluebonnet Boulevard, Baton Rouge, LA 70810.

C. Applications must be submitted 30 days prior to the beginning of the course.

D. No exam shall be conducted without prior written approval.

E. Blanket approval for training courses and exams will not be given by the committee of certification, i.e., each training course and each exam period must be approved according to these Rules.

F. No exam shall be approved to follow a training course consisting of less than 32 hours. An exception to this Rule may be granted to the Louisiana Conference on Water Supply, Sewerage and Industrial Waste as this organization and its sub-organizations comprise the official training arm of the committee of certification.

G. Approval will be given to conduct exams only for the classes and categories covered by the training course, i.e., for training in Class I, II, III or IV in production, treatment or distribution, or wastewater collection or treatment.

H. The classes and categories for which the course is designed must be stated in the application.

I. The applicant must submit a detailed course outline to include:

1. the goal of the training course;

2. which operators in water and/or wastewater would benefit from taking the course;

3. each subject to be covered;

4. a formal lesson plan for each subject area to be covered;

5. the number of hours covered in each subject;

6. what references will be supplied in the course;

7. what references and materials the student should bring to the course.

J. The applicant must submit the names of all instructors, and their qualifications, including their education and work experience credentials and their certification levels. Instructors shall possess, at a minimum, a "provisional" certification in the subject area covered; or, shall have completed a qualified instructor training course or equivalent; or, be specifically accepted by the committee based upon their credentials.

K. Only those examinations prepared under the auspices of the administrator and the committee of certification will be recognized for certification.

L. All examinations will be conducted and monitored by members of the staff of the department and/or members of the committee of certification. No exams will be conducted without the presence of a sufficient number of monitors approved by the department.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:507 (March 2002), repromulgated LR 28:843 (April 2002).

§7333. Examination Fees

A. All fees for examinations shall be paid to the committee of certification.

B. Examination Fees shall be established as authorized by the Legislature, but in no case shall be less than \$5 per exam.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:507 (March 2002), repromulgated LR 28:843 (April 2002).

§7335. Certification Fees

A. Certificate fees, in addition to the examination fee, shall be:

1. collected for issuance, renewal and/or reciprocation of all classes of certificates. The amount of the certificate fee shall be as established by the legislature, but in no case shall be less than \$10 for certification in the first category in water and/or sewerage and an additional \$5 for each added category;

2. communities, municipalities, utilities and/or corporations may elect to utilize a flat fee system regarding their employees' certification. For a fee of \$50 per year for either field of water or sewerage or \$100 per year for both, all eligible operators may be certified, either initially or renewed. In addition to the flat fee, there will be a \$5 per certificate charge for each certificate issued. In the instance of the flat fee, the individual operators at each facility will

be the responsibility of the principal of the organization and shall be submitted with each renewal (flat fee) payment;

3. duplicate certificates will be issued for a fee of not less than \$5 per certificate.

4. water and wastewater operator certificates will be renewed on a two-year basis, with the fees remaining at the same annual rates as are currently in effect but collected every two years.

5. fees are to be paid in the form of a check or money order payable to the Committee of Certification, 6867 Bluebonnet Boulevard, Baton Rouge, LA 70810. Failure to attend the required training or failure to furnish the required information shall constitute grounds for refusal to renew the certificate.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:507 (March 2002), repromulgated LR 28:843 (April 2002).

§7337. Reciprocity

A. Reciprocity shall be granted at the discretion of the committee of certification, without examination, to holders of comparable certificates issued by other states, territories, or possessions of the United States. The applicant for a certificate under the reciprocity clause must submit his application on an official application blank, obtainable from the administrator. The application must be accompanied by the appropriate fee. The applicant must submit a copy of his certificate or other proof, satisfactory to the committee of certification that he holds a certificate issued by a governmental agency of another state, territory or possession of the United States. Such certificates must have been received after passage of an examination at least equivalent to that given by the Louisiana committee of certification for the level of competency for which application is made.

B. The burden of proof to submit sufficient information for the committee of certification's consideration shall be upon the applicant. If, after receiving such an application, the committee of certification is satisfied that the applicant qualifies for a certificate, it may, at its discretion award him a certificate in the appropriate grade. A reciprocal certificate will not ordinarily be issued unless the applicant is employed, or has accepted employment, in a Louisiana water or wastewater facility.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:507 (March 2002), repromulgated LR 28:844 (April 2002).

§7339. Notification

A. Failure to receive any notices previously mentioned does not relieve the certificate holder or applicant from complying with the rules of the committee of certification. The burden is upon the certificate holder or applicant to provide the committee of certification with a current mailing address.

B. Any request for applications, training course approvals, reciprocity, etc., and/or questions on operator certification should be addressed to: Administrator, Operator Certification Program, DHH-OPH, 6867 Bluebonnet Boulevard, Baton Rouge, LA 70810.

AUTHORITY NOTE: Promulgated in accordance with R.S. 40:1141-1151.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of Public Health, LR 28:507 (March 2002), repromulgated LR 28:844 (April 2002).

The amendment to Chapter XII of the Sanitary Code, State of Louisiana reads as follows:

Sanitary Code, State of Louisiana Chapter XII (Water Supplies)

* * *

12:003-2: Plant Supervision and Control: All public water supplies shall be under the supervision and control of a duly certified operator as per requirements of the State Operator Certification Act, Act 538 of 1972, as amended (R.S. 40:1141-1151).

RULE

Department of Insurance Office of the Commissioner

Regulation 77—Medical Necessity Review Organizations
(LAC 37:XIII.Chapter 62)

~~In accordance with the provisions of R.S. 49:953 of the Administrative Procedure Act and R.S. 22:3090, the Department of Insurance has adopted the following Rule regarding standards for determining the necessity of medical care or services recommended by health care providers. This Rule is necessary to establish reasonable requirements for limiting covered services included in a policy or contract of insurance coverage that do not misrepresent the benefits, advantages, conditions, or terms of the policy issued, or to be issued, based on medical necessity determinations. This Rule establishes the statutory requirements for health insurance issuers who seek to make such limitations in products sold in this state and establish the standards for Medical Necessity Review Organizations seeking licensure under Title 22 of the Louisiana Revised Statutes of 1950.~~

Title 37

INSURANCE

Part XIII. Regulations

§6201. Purpose

~~A. The purpose of this regulation is to enforce the statutory requirements of Title 22 of the Louisiana Revised Statutes of 1950 that require health insurance issuers who seek to establish exception criteria or limitations on covered benefits that are otherwise offered and payable under a policy or certificate of coverage sold in this state, by requiring a medical necessity determination to be made by the health insurance issuer. The statutory requirements also apply to any health benefit plan that establishes exception criteria or limitations on covered benefits that are otherwise offered and payable under a non-federal government benefit plan. Additionally, the statute establishes a process for Medical Necessity Review Organizations to qualify for state licensure and Independent Review Organizations to become certified by the Department of Insurance. The statutory requirements establish the intent of the legislature to assure~~
